

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Determine the desired height at which the fixture will be installed and select the stems (6).
4. Unravel the supply power and ground wire and pass them through the center hole of stems (6), nipple (5), loop (4) and loop (2).
5. Thread the stem (6) onto the nipple (7) on top of the frame. Repeat process until all required stems (6) are threaded together.
6. Install the loop (4) onto the stem (6) .
6. Use carabiner (3) to connect to loop (4) and loop (2) on the canopy (1) and twist locking mechanism to secure
7. Refer to the additional installation instructions included with the product for wiring and installation.
10. Install proper bulbs (not included) into each socket (8) referring to the markings and/or labels on the fixture for maximum wattage.
11. Restore power to the installation point and retain this sheet for future reference.
